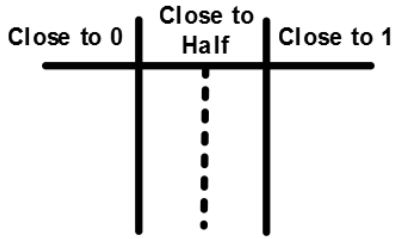
Math 7 Practice (4.1 and 4.2))
(Comparing Rational #'s...)

Name_____
Block ____ Date_____

1) Use the symbols <, >, or = to make this a true statement. Show work for each of these three methods:

$\frac{8}{9} \bigcirc \frac{2}{5}$

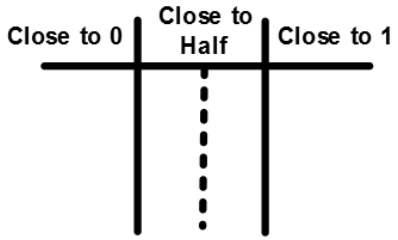


Common Denominator

Decimals

2) Use the symbols <, >, or = to make this a true statement. Show work for each of these three methods:

$\frac{3}{10} \bigcirc \frac{1}{3}$

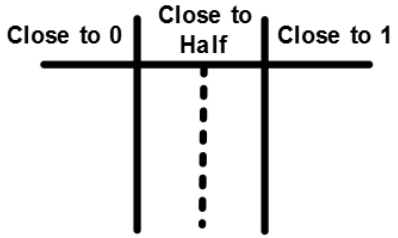


Common Denominator

Decimals

3) Use the symbols <, >, or = to make this a true statement. Show work for each of these three methods:

$0.68 \bigcirc \frac{3}{4}$



Common Denominator

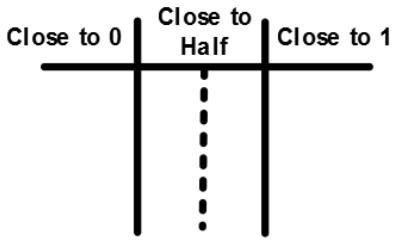
Decimals

Math 7 Practice (4 .1 and 4.2)
(Comparing Rational #'s...)
Put in order from smallest to largest.

Name_____
Block ____ Date_____

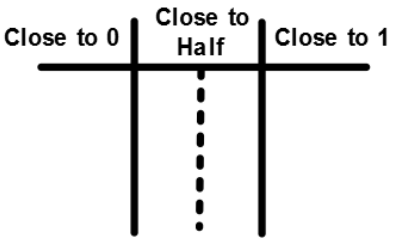
Common Denominator **Decimals**

$\frac{3}{5}, \frac{2}{3}, 0.65$



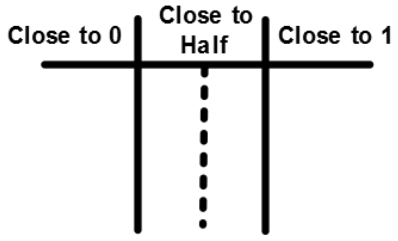
Common Denominator **Decimals**

$\frac{7}{8}, 0.98, \frac{8}{9}$



Common Denominator **Decimals**

$0.2, \frac{1}{4}, \frac{1}{12}$



Math 7 Organizer (ch. 4 Les 2)
(Comparing Rational #'s...)
